

# Get started growing early mindsets

## Introducing a literacy-based framework that teaches a Growth Mindset, Social and Emotional Learning (SEL), and Mindfulness Across PreK-3rd Learning Communities

Young learners arrive at our schools with joy, curiosity, and a passion for learning. Teachers often wish to continue fostering this love of learning--and develop a growth mindset from the earliest of opportunities. GEM answers that call to nurture the whole-child.

Rooted in research, GEM is the first ever curriculum created for early learners that blends growth mindset, SEL, and mindfulness. Designed for busy teachers, GEM integrates teaching practices like Read-Alouds and other daily learning routines to enrich the school day.

### Integrated with SEL Competencies

Who is it for?

- All children ages 3-9
- Teachers and parents also benefit

### Innovative and Unique Approach

What does it do?

- Teaches a growth mindset, SEL competencies, and mindfulness
- Develops healthy relationships, effective learning habits, and overall well-being

### Explicit and Embedded Learning Framework

What's in it?

- Three Teacher Guides, including Read Aloud Menu and alignment to CCSS
- Ten engaging and entertaining children's books
